19

20 DILEVON LO, ET AL.,

21
22 Plaintiffs,

23 v.

24
25 COUNTY OF SISKIYOU, ET AL.,

26 Defendants.
27
28

Case No. 21-cv-00999-KJM-AC

**DECLARATION OF DYLAN
VERNER-CRIST IN SUPPORT OF
BRIEF OF CIVIL RIGHTS AMICI'S
OPPOSITION TO DEFENDANTS'
MOTION TO DISSOLVE THE
PRELIMINARY INJUNCTION**

1 I, Dylan Verner-Crist, declare:

2 1. I have personal knowledge of the facts set forth in this declaration.

3 2. I am an investigator at the American Civil Liberties Union Foundation of
4 Northern California (“ACLU”). The ACLU is a nonprofit public interest law firm based in
5 San Francisco, California that provides free legal services to people whose civil liberties
6 have been threatened by government action. In addition to direct representation, the ACLU
7 advocates for policy changes and engages in impact litigation to ensure that Constitutional
8 rights are protected.

9 **Computer-Aided Dispatch Data**

10 3. Attached hereto as **Exhibit A** is a true and correct copy of a spreadsheet that
11 my office sent to retained expert David Ely on March 22, 2022. This spreadsheet contains
12 a list of the names and computer-aided dispatch (“CAD”) numbers for the 1,158 traffic
13 stops conducted by the Siskiyou County Sheriff’s Office (“SCSO”) in 2021 that had
14 associated driver names and for which SCSO produced records by March 22, 2022.

15 4. I made this spreadsheet using data produced by SCSO in response to a
16 California Public Records Act (“PRA”) request. Attached hereto as **Exhibit B** is a true and
17 correct copy this PRA request, which the law firm Covington & Burling LLP (“Covington”) sent to SCSO on October 11, 2021. As the letter details, Covington sent this PRA request
18 on behalf of the ACLU and the Asian Law Caucus. *See* Ex. B at 1.

19 5. On February 11, 2022 and February 25, 2022, SCSO produced a total of
20 1,354 CAD records in response to the October 11, 2021 PRA letter’s request for “[r]ecords
21 of all vehicle stops conducted by the Siskiyou County Sheriff’s Office from January 1,
22 2021 [to the present].” Attached hereto as **Exhibits C and D** are SCSO’s cover letters
23 accompanying these two productions. Ex. B at 2. It is my understanding that a CAD record
24 is produced every time SCSO conducts a vehicle stop. From my review, the 1,354
25 produced CAD records cover all twelve months of 2021.

26 6. To make the spreadsheet attached as Exhibit A, a computer program culled
27 the 1,354 CAD reports into a spreadsheet. I then manually reviewed this spreadsheet,
28

1 comparing the computer program's automated entries with the original CAD reports and
2 deleting two CAD entries that were duplicates. A condensed table showing this reviewed
3 and condensed data is attached hereto as **Exhibit E**. From this table, there are 165 CAD
4 entries that have no associated driver name, 27 names that were evidently the names of the
5 stopping officer (e.g., "WOODS, DEPUTY"), two names that were first-name only, and
6 1158 full names. We then sent the list of the 1158 names to Mr. Ely.

7 **Cannabis Cultivation Citations**

8 7. Attached hereto as **Exhibit F** is a true and correct copy of a spreadsheet that
9 my office sent to retained expert David Ely on March 22, 2022. This spreadsheet contains
10 a list of the names of individuals who were cited for cannabis cultivation under the
11 Siskiyou County ("County") Code from January 1, 2019 through May 2021.

12 8. I made this spreadsheet using data produced in response to a PRA request.
13 Attached hereto as **Exhibits G and H**, respectively, are true and correct copies of a May
14 27, 2021 County cover letter and data table produced in response to a PRA request. As the
15 County's cover letter describes, the data table contains the "[n]ames and address of all
16 persons cited for cultivation of marijuana in violation of a Siskiyou County Ordinance
17 from January 2019 through May 2021." Ex. G at 1. The spreadsheet attached as Exhibit F
18 contains only the names of the persons provided in this data table.

19 **Complaint Request Forms**

20 9. Attached hereto as **Exhibit I** is a true and correct copy of a spreadsheet that
21 my office sent to Mr. Ely on March 22, 2022. This spreadsheet contains a list of names and
22 case numbers for individuals referred for prosecution under the County's water-related
23 ordinances.

24 10. I made this spreadsheet using data produced in response to the October 11,
25 2021 PRA letter, which also requested all records related to the enforcement of Siskiyou
26 County Ordinance Nos. 20-13, 21-07, 21-08, 21-13, and 21-14 (collectively, the "Water
27 Ordinances"). Ex. B at 2 (Request Nos. 1-5).

28 11. In the February 11, 2022 production described in ¶4 above, SCSO also

1 produced 28 records responsive to the requests for records related to the enforcement of
2 the Water Ordinances. True and correct copies of these records are attached hereto as
3 **Exhibit J**. As Exhibit D shows, each complaint request record is titled “Siskiyou County
4 District Attorney Complaint Request” and was submitted by SCSO. *See* Ex. D. It is my
5 understanding that these forms are produced by SCSO and submitted to the Siskiyou
6 County District Attorney’s Office (“District Attorney”) whenever SCSO has made an
7 arrest and is referring the arrested individual for prosecution. To make the spreadsheet
8 attached as Exhibit I, I entered the names and case numbers in these 28 complaint request
9 forms into a spreadsheet.

10 **Lien Hearings**

11 12. Attached hereto as **Exhibit K** is a true and correct copy of a spreadsheet that
12 my office sent to Mr. Ely on March 22, 2022. This spreadsheet contains a list of names and
13 associated citation numbers for property holders against whom the County filed liens in
14 2020 and 2021.

15 13. I made this spreadsheet by combining the publicly available lists of lien
16 hearings the Board has posted on its website, *available at*
17 <https://bosagenda.co.siskiyou.ca.us/384511/384520/384587/384588/384591/3384591.xlsx>
18 (December 8, 2020 Board meeting lien hearing list),

27 <https://bosagenda.co.siskiyou.ca.us/403632/403641/406063/408039/408051/8408051.pdf>
28 (November 2, 2021 Board meeting lien hearing list).

Other Records

14. Attached hereto as **Exhibit L** is a true and correct copy of a October 11, 2021 PRA letter from Covington to the Board. As the letter details, Covington sent this PRA letter on behalf of the ACLU and the Asian Law Caucus. *See* Ex. L at 1.

15. Attached hereto as **Exhibit M** is a January 3, 2022 County letter accompanying the production of records responsive to this PRA letter. As part of this production of documents, the County produced a number of declarations submitted by the District Attorney in *People v. Griset*, true and correct copies of which are attached hereto as **Exhibit N**.

16. Attached hereto as **Exhibit O** is a May 1, 2021 email chain between Board members and CAL Fire Siskiyou Unit Chief Phil Anzo. This email chain was produced as part of the January 3, 2022 County document production.

17. Attached hereto as **Exhibit P** is a May 2021 email chain between County staff regarding sign postage under the water trucks ordinance. This email chain was produced as part of the January 3, 2022 County document production.

18. I declare under penalty of perjury that the foregoing is true and correct, and that this declaration was executed at Berkeley, California this 24th day of March, 2022.

Dylan Verner-Crist

RE: Public Records Act Request Pursuant to Cal. Gov't Code Section 6250 et seq.

To Records Administrator:

Pursuant to the California Public Records Act, California Government Code sections 6250 *et seq.*, Covington & Burlington LLP writes on behalf of the American Civil Liberties Union Foundation of Northern California ("ACLU") and Asian Americans Advancing Justice - Asian Law Caucus (collectively "requesting organizations") to request records¹ of law enforcement actions relating to the enforcement of local ordinances regarding cannabis cultivation and water use.

Each numbered paragraph should be treated as a separate request. We request records as follows:

- 1.** All records of enforcement of County Ordinance No. 21-08.²
- 2.** All records of enforcement of County Ordinance No. 21-14.
- 3.** All records of enforcement of County Ordinance No. 21-07.
- 4.** All records of enforcement of County Ordinance 21-13.
- 5.** All records of enforcement of County Ordinance No. 20-13.
- 6.** All records related to individuals stopped or detained under County Ordinance No. 21-08.

¹ The term "records" as used in this request is defined as "any writing containing information relating to the conduct of the public's business prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics." Cal. Govt. Code § 6252 (e). "Writing" is defined as "any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored." Cal. Govt. Code § 6252 (g).

² References to any and all "County Ordinances" includes their codification at County Code Section 3-4.1501-1505 and Section 3.5-13.101-601.

COVINGTON

Page 2 of 6

7. All records related to individuals stopped or detained under County Ordinance No. 21-14.
8. All records related to individuals stopped or detained under County Ordinance No. 21-07.
9. All records related to individuals stopped or detained under County Ordinance No. 21-13.
10. All records related to individuals stopped or detained under County Ordinance No. 20-13.
11. Records of all vehicle stops conducted by the Siskiyou County Sheriff's Office from January 1, 2021, to the present, including but not limited to Computer Automated Dispatch ("CAD") logs, reports or investigative narratives, and Mobile Data Computer ("MDC") communications.
12. All records related to individuals arrested under County Ordinance No. 21-08.
13. All records related to individuals arrested under County Ordinance No. 21-14.
14. All records related to individuals arrested under County Ordinance No. 21-07.
15. All records related to individuals arrested under County Ordinance No. 21-13.
16. All records related to individuals arrested under County Ordinance No. 20-13.
17. All records of vehicles seized county-wide from January 1, 2021, to the present, including but not limited to vehicles seized under County Ordinances Nos. 20-13; 21-07; 21-08; 21-13 and 21-14.
18. For all vehicles seizures identified in response to request No. 17, produce all related CADs, reports or search warrants and affidavits which set forth the basis for the seizure.
19. All internal Sheriff's Office communications with and between Office employees regarding any of the following: County Ordinance No. 20-13; County Ordinance No. 21-07; County Ordinance No. 21-08; County Ordinance No. 21-13; County Ordinance No. 21-14; "Hmong"; "Chinese"; "Asian"; "Shasta Vista"; the environmental impacts of cannabis, "cartel"; "grower"; "grows"; "greenhouse"; "water truck;" "cannabis"; and/or "marijuana." "Communications" include but are not limited to office policies, manuals, trainings, electronic mail; text messages and messages sent or postings made via social media platforms. This request applies for the time period of January 1, 2019, to the present.
20. All records of Sheriff operations enforcing County Ordinances Nos. 21-07, 21-08, 21-13, or 21-14 including, but not limited to: records of patrol or SWAT deployments, operational bulletins, CADs, or other guidance on deployment of Sheriff resources.
21. All records of communications to or from the Siskiyou County Sheriff's Office regarding any of the following: County Ordinances Nos. 20-13, 21-07, 21-08, 21-13 or 21-14; "Hmong"; "Chinese"; "Asian"; "Shasta Vista"; the environmental impacts of cannabis; "cartel"; "grower"; "grows;" "greenhouse"; "water trucks"; "cannabis"; and/or "marijuana."

COVINGTON

Page 3 of 6

“Communication” includes but is not limited to: press releases; electronic mail; written letters; text messages; and messages sent or postings made via social media platforms. This request applies for the time period of January 1, 2019, to the present, and includes but is not limited to communications with the following entities: media outlets, Siskiyou County Supervisors, California Attorney General’s Office, and the Siskiyou County District Attorney’s Office.

22. All records of communications between the Siskiyou County Sheriff’s Office and the Siskiyou County Patriots (or the “Patriots of Siskiyou,” “Siskiyou Patriots,” “South Siskiyou Patriots,” “Patriots”), Steve Radford, and Louise Gliatto. “Communication” includes but is not limited to: press releases; electronic mail; written letters; text messages; and messages sent or postings made via social media platforms. This request applies for the time period of January 1, 2019, to the present.
23. All records of communications between the Siskiyou County Sheriff’s Office and the “Sons of Jefferson” (or “Jefferson”). “Communication” includes but is not limited to: press releases; electronic mail; written letters; text messages; and messages sent or postings made via social media platforms. This request applies for the time period of January 1, 2019, to the present.
24. All records of communications between the Siskiyou County Sheriff’s Office and any member of the office of Congressman Doug LaMalfa. “Communication” includes but is not limited to: press releases; electronic mail; written letters; text messages; and messages sent or postings made via social media platforms. This request applies for the time period of January 1, 2019, to the present.
25. All records relating to the civic demonstration(s) that occurred on May 6, 2021, outside of Yreka City Hall.
26. All records related to the Siskiyou County Sheriff’s posse, for the time period of January 1, 2017, to the present.³
27. All records related to the Siskiyou County Sheriff’s involvement with Siskiyou County neighborhood watch programs. This request includes training materials and communications, and applies to the period of January 1, 2019, to the present.
28. All records related to the Siskiyou County Sheriff’s solicitation of assistance from the public regarding code violations, water ordinances and/or cannabis cultivation for the period January 1, 2020, to present.
29. All records of policies and procedures (“P&P”) not included within the Siskiyou County Sheriff’s Office Manual.
30. All abatement notices and code violations issued in Siskiyou County for the period of January 1, 2020, to present.

³ The term “posse” refers to Sheriff volunteer organization(s) as used by Sheriff Office officials in the following article: [Lopey: Sheriff’s Posse is not disbanded; will be reorganized - News - Siskiyou Daily News, Yreka, CA - Yreka, CA](#)

COVINGTON

Page 4 of 6

- 31.** Pursuant to California Senate Bill 1421, all records relating to the report, investigation, and/or an incident involving the discharge of a firearm by a peace officer; an incident where use of force resulted in death or great bodily injury of any person; any record related to any sustained finding of sexual assault against a member of the public or of dishonesty. This request is limited to include ONLY the following peace officers: Deputy Sheridan, Deputy M. Yates, Deputy Woods, Deputy Stock, Lieutenant Tharsing, Detective R. Ortiz, and Undersheriff J. Randall.
- 32.** All documents showing the deployment of Siskiyou County Sheriff's Office patrol from January 1, 2020, to the present.
- 33.** Any records or map showing the areas where the Siskiyou County Sheriff's Office currently patrols.
- 34.** All records of communications with the California Department of Forestry and Fire Prevention regarding the 2021 Lava Fire. "Communication" includes but is not limited to: press releases; electronic mail; written letters; text messages; and messages sent or postings made via social media platforms.
- 35.** All records of incident reports and arrest logs relating to the arrest of individuals for violating evacuation orders during the 2021 Lava Fire.
- 36.** All records of communications from January 1, 2020, to the present, regarding potential criminal or civil liability for businesses or individuals that sell goods or provide services to any of the following: cannabis growers, cultivators, "cartels", Hmong, Chinese, or Asian people, or Mount Shasta Vista subdivision. Communication includes but is not limited to: press releases; electronic mail; written letters; text messages; and messages sent or postings made via social media platforms.
- 37.** All records relating to the sale or auction of property seized by the Sheriff's Department. "Property" as used in this request includes, but is not limited to, vehicles, generators, construction equipment, and agricultural equipment. This request applies to the time period of January 1, 2019, to the present.
- 38.** All records of complaints regarding suspected or alleged marijuana code violations for the period of January 1, 2020, to present.
- 39.** All records identifying the location of any cannabis and/or marijuana cultivation within Siskiyou County for the period January 1, 2018, to present.
- 40.** All records identifying the location of any unpermitted structures, wells, and septic tanks in Siskiyou County for the period of January 1, 2018, to the present.
- 41.** All records identifying the location of any water wells on land zoned for agriculture or commercial business for the period of January 1, 2018, to the present.

COVINGTON

Page 5 of 6

- 42. All records in the possession of the Siskiyou County Sheriff's Office reflecting the relative environmental impacts of cannabis and field crops like alfalfa.
- 43. All records reflecting the racial and ethnic demographics of Shasta Vista, including the composition, number, and distribution of racial and ethnic groups, for the period of January 1, 2019, to the present.
- 44. All records reflecting the racial and ethnic demographics of Siskiyou County, including the composition, number, and distribution of racial and ethnic groups, for the period of January 1, 2019, to the present.
- 45. All records of the current organizational chart for the Siskiyou County Sheriff's Office.

Please respond to this request in ten (10) calendar days, either by providing the requested information or providing a written response setting forth the specific legal authority on which you rely in failing to disclose each requested record, or by specifying a date in the near future to respond to the request. *See* Cal. Gov. Code § 6255. CPRA exemptions are narrowly construed (*American Civil Liberties Union Foundation v. Superior Court* (2017) 3 Cal.5th 1032, 1042 (*ACLU Foundation*)), and the agency opposing disclosure bears the burden of proving an exemption applies. (*Long Beach Police Officers Assn. v. City of Long Beach* (2014) 59 Cal.4th 59, 70; *County of Los Angeles v. Superior Court* (2012) 211 Cal.App.4th 57, 63). Pursuant to Cal. Gov. Code § 6253, please disclose all reasonably segregable non-exempt information from any portions of records you claim are exempt from disclosure, including by redacting information that you claim is exempt. If this request is found to be insufficiently focused or effective, Government Code § 6253.1(a) requires (1) assistance in identifying the records and information that are responsive to this request or to the purpose of this request; (2) description of the information technology and physical location in which the records exist; and (3) that suggestions be provided for overcoming any practical basis for denying access to the records or information sought.

Because this request is on topics that are matters of public concern, and the requesting organizations are public interest organizations that intend to freely distribute this information, we request that you waive any fees. *See North Cty. Parents Ass'n v. Dep't of Ed.*, 23 Cal. App. 4th 144 (1994). If, however, such a waiver is denied, we will reimburse you for the direct costs of copying these records plus postage. Please inform us in advance if the cost will be greater than \$50.00. To assist with the prompt release of responsive material, we ask that you make records available to us as you locate them, rather than waiting until all responsive records have been collected and copied.

We also request that documents be provided in electronic format if possible, as provided in Cal. Gov. Code § 6253.9. Doing so would eliminate the need to copy the materials and provides another basis for our requested fee waiver.

Sincerely,

s/Stanley Young

Re: California Public Records Act Requests dated October 11, 2021

Dear Mr. Young:

This letter is in response to your above referenced Public Records Act requests. Please find the link in the email that contains 272 records that are responsive to your requests. The records are responsive to: Request No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 17, and 18; the records are grouped by request number.

These records are produced pursuant to Government Code section 6254(f). Where applicable, phone numbers, addresses, birthdates, social security numbers, driver's license numbers, license plates, and VIN numbers are redacted on the facts of each particular case in that the privacy interest served by withholding the record clearly outweighs the public interest served by disclosure of the record pursuant to Government Code section 6255.

Thirty-four records were identified as being responsive to Request No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 17, and 18. These records have been determined to be exempt from disclosure pursuant to Government Code section 6254(f) in that they are either records of investigations conducted by a local police agency or investigatory files compiled by a local police agency for law enforcement purposes; therefore, your request for these records is denied.

One record was identified as being responsive to Request No. 20. This record has been determined to be exempt from disclosure pursuant to Government Code section 6254(f) in that it is either a record of intelligence information or security procedures, or an investigatory or security file compiled by the Sheriff's Office for law enforcement purposes; therefore, your request for this record is denied.

Siskiyou County

Sheriff's Department

JEREMIAH LARUE

Sheriff

Four records were identified as being responsive to Request No. 32. These records have been determined to be exempt from disclosure pursuant to Government Code section 6254(f) in that they are either records of intelligence information or security procedures, or are investigatory or security files compiled by the Sheriff's Office for law enforcement purposes; therefore, your request for these records is denied.

One record was identified as being responsive to Request No. 38, 39 and 40. This record has been determined to be exempt from disclosure pursuant to Government Code section 6254(f) in that it is a record of investigation the disclosure of which would endanger the safety of a person involved in the investigation or would endanger the successful completion of the investigation; therefore, your request for this record is denied.

At this time, no records exist that are responsive to Request No. 12, 13, 14, 15, 16, and 25.

The Sheriff's Office is continuing its review of records that may be responsive to your remaining requests and will provide further response(s) to your requests in the near future.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. LaRue", written over a white background.

Re: California Public Records Act Requests dated October 11, 2021

Dear Mr. Young:

This letter is in response to your above referenced Public Records Act requests. Please find the link in the email that contains 1110 records that are responsive to Request No.11.

These records are produced pursuant to Government Code section 6254(f). Where applicable, phone numbers, addresses, birthdates, social security numbers, driver's license numbers, license plates, and VIN numbers are redacted on the facts of each particular case in that the privacy interest served by withholding the record clearly outweighs the public interest served by disclosure of the record pursuant to Government Code section 6255.

An additional two hundred and six (206) records were identified as being responsive to Request No. 11. These records have been determined to be exempt from disclosure pursuant to Government Code section 6254(f) in that they are records of investigations conducted by a local police agency or investigatory files compiled by a local police agency for law enforcement purposes; therefore, your request for these records is denied.

Re: Response to Public Records Request

Dear Mr. Williams,

On May 20, 2021, our office received your public records request dated May 14, 2021. In response to your request:

1. Names and address of all persons cited for cultivation of marijuana in violation of a Siskiyou County Ordinance from January 2019 through May 2021 are found on the attached spreadsheet. (As clarified, the address was of the person and not the violation. Please note that the personal address is the mailing address provided on the County's assessor rolls.)
2. Addresses of all real property that the County of Siskiyou has placed a lien upon for unpaid administrative penalties during the years of 2020 through 2021 are also found on the attached exhibit. (Most of the properties have no street addresses, so the corresponding assessor's parcel number was provided instead.)
3. The County has not auctioned, nor commenced to auction, any property for an unpaid lien.

If you have any questions, please feel free to contact me.

Sincerely yours,

William M. Carroll

William M. Carroll,
Deputy County Counsel

RE: Public Records Act Request Regarding Law Enforcement Actions Relating to the Targeting of the Hmong Community in Siskiyou County

To Siskiyou County Board of Supervisors, Mr. Kiernan, and Ms. Bynam:

Pursuant to the California Public Records Act, California Government Code sections 6250 *et seq.*, Covington & Burlington LLP writes on behalf of the American Civil Liberties Union Foundation of Northern California (“ACLU”), and Asian Americans Advancing Justice - Asian Law Caucus (collectively “requesting organizations”) requesting records¹ related to the adoption of ordinances and law enforcement actions that our clients contend target Hmong people in Siskiyou County (“County”).

Each numbered paragraph should be treated as a separate request. The time period for each request **January 1, 2019 to the present** unless otherwise stated. We request records as follows:

¹ The term “records” as used in this request is defined as “any writing containing information relating to the conduct of the public’s business prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics.” Cal. Govt. Code § 6252 (e). “Writing” is defined as “any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored.” Cal. Govt. Code § 6252 (g).

1. All comments submitted by the public regarding County Ordinances Nos. 20-13², 21-07³, 21-08⁴, 21-13⁵, and 21-14⁶, including all comments submitted in person, in writing, and via telephone.
2. All records related to the opportunities and notices provided by the County to the public to comment, review, give input, or otherwise communicate with the County before the adoption of County Ordinances Nos. 20-13, 21-07, 21-08, 21-13, and 21-14. Please include all opportunities for members of the public who do not speak English.
3. All records of water truck permit applications, issuances, and denials under County Ordinance Nos. 21-08 and 21-14.
4. All records of water use permit applications, issuances, and denials under County Ordinance Nos. 21-07 and 21-13.
5. All records of signs, postings, warnings, or otherwise public notifications of Ordinance Nos. 20-13, 21-07, 21-08, 21-13, and 21-14 and potential penalties included therein.
6. All records of enforcement of County Ordinance No. 20-13.
7. All records of enforcement of County Ordinance No. 21-07.
8. All records of enforcement of County Ordinance No. 21-13.
9. All records of inspections of places, properties, and enclosures pursuant to County Code Section 3.13.401.
10. All records of water well applications, issuances, and denials.
11. All records relating to the criteria for and issuance of county licenses for water well drilling.
12. All records of septic tank applications, issuances, and denials.
13. All records of zoning fines and abatement notices issued by the County.

² Ordinance No. 20-13 went into effect on August 4, 2020 and is codified in Siskiyou County Code Section 3-13.701-703.

³ Ordinance No. 21-07 went into effect on May 4, 2021 and is codified in Siskiyou County Code Section 3.5-13.101-108.

⁴ Ordinance No. 21-08 went into effect on May 4, 2021 and is codified in Siskiyou County Code Section 3-4.1501-1505.

27. All records reflecting the racial and ethnic demographics of Siskiyou County, including the composition, number, and distribution of racial and ethnic groups.

Please respond to this request in ten (10) calendar days, either by providing the requested information or providing a written response setting forth the specific legal authority on which you rely in failing to disclose each requested record, or by specifying a date in the near future to respond to the request. *See* Cal. Gov. Code § 6255. CPRA exemptions are narrowly construed (*American Civil Liberties Union Foundation v. Superior Court* (2017) 3 Cal.5th 1032, 1042 (*ACLU Foundation*)), and the agency opposing disclosure bears the burden of proving an exemption applies. (*Long Beach Police Officers Assn. v. City of Long Beach* (2014) 59 Cal.4th 59, 70; *County of Los Angeles v. Superior Court* (2012) 211 Cal.App.4th 57, 63).

Pursuant to Cal. Gov. Code § 6253, please disclose all reasonably segregable non-exempt information from any portions of records you claim are exempt from disclosure, including by redacting information that you claim is exempt. If this request is found to be insufficiently focused or effective, Government Code § 6253.1(a) requires (1) assistance in identifying the records and information that are responsive to this request or to the purpose of this request; (2) description of the information technology and physical location in which the records exist; and (3) that suggestions be provided for overcoming any practical basis for denying access to the records or information sought.

Because this request is on a matter of public concern, and the requesting organizations are public interest organizations that intend to freely distribute this information, we request that you waive any fees. *See North Cty. Parents Ass'n v. Dep't of Ed.*, 23 Cal. App. 4th 144 (1994). If, however, such a waiver is denied, we will reimburse you for the direct costs of copying these records plus postage. Please inform us in advance if the cost will be greater than \$50.00. To assist with the prompt release of responsive material, we ask that you make records available to us as you locate them, rather than waiting until all responsive records have been collected and copied.

We also request that documents be provided in electronic format if possible, as provided in Cal. Gov. Code § 6253.9. Doing so would eliminate the need to copy the materials and provides another basis for our requested fee waiver.

Sincerely,

s/Stanley Young

Re: California Public Records Act Requests dated October 11, 2021

Dear Mr. Young:

Our limited staff is working diligently to assist your firm with its extremely broad Public Records Act request. All records requested are being collected, amassed, and reviewed prior to production. Your request is generating the collection of a voluminous amount of records and review, redaction, and distribution will take significant time. If you would like to prioritize your numbered categories, we would be happy to assist you in the order of your chosen priority. In regards to Request No. 11 to the District Attorney, there are no responsive records. In regards to Request No. 29 to the Sheriff's Department, I am enclosing 26 pages of records responsive to this request.

My correspondence, dated December 3, 2021, provided you with 192 pages of records, which records were related to the adoption of County Ordinances Nos 21-13 and 21-14, public comments thereon, and the public hearing notices and agendas associated with the same. I provided you with the links to access responsive public agendas, minutes, and audio recordings for the Board of Supervisor meetings at which Ordinances 20-3, 21-07, 21-08, 21-13, and 21-14 were considered. Please find enclosed 689 pages of additional documents. None of the earlier produced documents were redacted or subject to the exemptions listed in the previous correspondence, which were listed in anticipation of their applying to documents under review at the time. The additional documents that are produced today include redacted documents that are subject to those exemptions.

Your Request 19 seeks County communications that include the terms "cannabis" and "water trucks" and "marijuana". The District Attorney's office is or has been involved with present and future investigations and/or cases related to "cannabis" and/or "marijuana" and/or "water trucks". In addition, each of the ordinances referenced in your Public Records Act request has resulted in litigation and those ordinances are associated with the terms "cannabis" and/or "marijuana" and/or "water trucks". Thus, internal communications that are subject to privileges identified in previous correspondence and contain the term "cannabis" or "water truck" or "marijuana" are not produced. The County would appreciate clarification on Request 19. Please advise if you do not seek internal agency communications with these terms and are seeking only external communications with third parties using these terms.

As a reminder, County staff must continue to meet their daily duties while responding to your PRA. As you are likely aware, your client has two other Public Record Acts simultaneously lodged with the County and is involved in litigation that is engaged in discovery on associated subject matters. You may be unfamiliar with the limited size and resources of local government in Siskiyou County¹ and we would be happy to set a call to discuss our staffing resources, how we can best assist your law firm with its extensive requests, and how your firm can further clarify or narrow its requests.

Sincerely,
Laura Bynum, Siskiyou County Clerk

By Wendy Winingham, Deputy County Clerk

cc: Siskiyou County Sheriff's Office
Siskiyou County District Attorney
Siskiyou County Counsel's Office
Siskiyou County Board of Supervisors

¹ As a general matter, each County department handles its own Public Records Act requests. The County Counsel's Office assists departments with the review of records that may be privileged or that are otherwise exempt from disclosure under the Public Records Act.

EXHIBIT 2

Declaration of Cory Persing

DECLARATION OF CORY PERSING

I, Cory Persing, declare as follows:

1. The facts stated in this declaration are true and based on my own personal knowledge, except as to any matters stated on information and belief, and as to those matters, I am informed and believe them to be true. If called as witnesses in this matter, I would competently testify to the matters set forth below.
2. I am employed as a Sergeant with the Siskiyou County Sheriff's Office (SCSO). I have been a peace officer since March 1998, first with the Yreka Police Department, and since 2005 with the SCSO. I have been assigned to the North State Marijuana Investigation (NSMIT) since 2012. This team is led by the California Department of Justice and includes of special agents from the Drug Enforcement Administration (DEA), Bureau of Land Management (BLM) and U.S. Forest Service (USFS). Throughout my career, I have been involved in thousands of marijuana related investigations, involving both indoor and outdoor grows, in many north state counties. I have testified as an expert witness in California courts regarding marijuana cultivation, sales, and transportation. I have been involved in the eradication of well over 500,000 growing marijuana plants and am very familiar with indoor and outdoor cultivation techniques. I have received over 1,000 hours of drug enforcement related training in classes presented by the US Department of Justice, the CA Department of Justice, and the California Narcotics Officers Association and in other state and local settings.
3. Being on NSMIT has given me the opportunity to work in many other Counties outside of Siskiyou County, such as Trinity and Humboldt in particular. My first experiences dealing with the Hmongs cultivating marijuana was in Trinity County in 2012 in the

1 Trinity Pines subdivision. In the following years I participated in numerous search
2 warrants and marijuana investigation in the Trinity Pines sub-division. many but not all
3 of the suspects were of Hmong decent. I saw the progression of the Trinity Pines in the
4 following years as it became a mecca for the cultivation of marijuana for the Hmong
5 community. In 2013 I was a Team Leader for Operation Crown Jewel conducted in the
6 Trinity Pines. In one day over 200 Federal and State law enforcement personnel
7 executed 23 search warrants for marijuana cultivation in the Trinity Pines sub-division.
8 All the properties were owned by the Vang family.
9

- 10 4. In 2013 I also began seeing an influx of Hmong decent in Siskiyou County and the
11 increase of private land marijuana cultivation under the guise of medical marijuana. I
12 saw hundreds of private land 99 plant marijuana cultivation sites in several areas
13 throughout Siskiyou County. The main areas being Mt. Shasta Vista, Klamath River
14 Country Estates subdivision (KRCE), Mt. Shasta Forest and, the Pleasant Valley
15 Highlands.
16
- 17 5. In 2014 I was assigned all public land marijuana cultivation investigations in Siskiyou
18 County and another Sergeant was assigned the private land marijuana cultivation. One of
19 my jobs was aerial reconnaissance in a helicopter, the purpose primarily was to locate
20 marijuana cultivation sites in the forest. I also conduct overflights of the private land
21 cultivation sites looking for large targets that were obviously being cultivated for the sole
22 purpose of sales and profit. From 2014 to 2019 I conducted dozens of private land
23 marijuana investigation in Siskiyou County. I conducted overflight of all the problem
24 areas in Siskiyou County every year. I observed the number of cultivation sites increase
25 annually, the largest increase being in the area of Mt. Shasta Vista.
26
27
28

1 6. In 2020 I was assigned to be the Sergeant in charge of the private property marijuana
2 team in Siskiyou County. My primary mission became marijuana being cultivated on
3 private land in Siskiyou County. It was apparent from the beginning that the most
4 problematic area was the Mt. Shasta Vista sub-division. Just driving through the area,
5 you can see hundreds of greenhouses that have been constructed in the area. It was not
6 until I flew the area that I realized just how bad it is. There are literally thousands of
7 marijuana cultivation sites in the area of the Mt. Shasta Vista subdivision. My estimate
8 would be 2500 to 3000 sites just in the Mt. Shasta sub-division. I watched two spots
9 literally be developed within months (reference below photos).

10
11 Area referred to as Stock Trail off A12 across from Shasta Vista Drive.

600 acre parcel being developed on June 18th 2020

600 acre parcel on 08/18/2020

1 7. These photos are only a snapshot of specific areas that we have been working on and
2 don't give an accurate overall perspective of the entire Mt. Shasta Vista sub-division
3 which in my opinion is worse than what is seen in the photos. As you can see in the
4 photos, we are no longer dealing with 99 plant marijuana sites. Sites range from 500 plus
5 to several thousand. I only recall sing one site within Mt. Shasta Vista in 2020 with less
6 than 12 plants on site. There are also now many sites with hoop houses or greenhouse
7 structures too. They are covering the greenhouse with black plastic to deprive the
8 marijuana plant of light tricking it into flowering early. We were pulling fully mature
9 flowering marijuana plants in June. Based on my training and experience I believe those
10 plants were started in March taking approx. three months with light depravation to reach
11 maturity. They are then replanting the greenhouses and putting outdoor plants out in
12 June also. In effect they are getting three harvests out of the season. I have also seen
13 greenhouse actually set up with grow lights and wood stoves which indicates to me they
14 will be growing in the greenhouse during the winter months also. The problem is
15 becoming a year-round issue.

16 8. I have drove through the Mt. Shasta Vista area on numerous occasions and observed
17 numerous water trucks traveling through the area. I have never seen any other crops or
18 agriculture growing in the Mt. Shasta Vista area, except for marijuana. I have personally
19 witnessed water trucks suppling water to known marijuana sites in the area as well.
20 Many of the cultivation sites are set up with pipe running all the way out to the road so
21 the truck can pull up to the site and hook up to the pipe by the road, and fill the sites'
22 water tanks or doughboy pools that they are using for water reservoirs without leaving the
23 main roadway. I have seen dozens of water trucks lined up at local rancher's wells.
24
25
26
27
28

9. To this point of 2020 the Siskiyou County Sheriff's Office has served 102 search warrants, resulting in the eradication of 110,839 growing marijuana plants. Not all but a majority have been served in the Mt. Shasta Vista sub-division. We still have over a month of operations and the traditional harvest is mid to late October. By comparison we eradicated a total of just over 66,000 all of last year.

I declare under penalty of perjury under the laws of California that the foregoing is true and correct.

Dated: 9-21-20

CORY PERSING

EXHIBIT 3

Declaration of Doug Dahmen

DECLARATION OF DOUG DAHMEN

I, Doug Dahmen, declare as follows:

1. The facts stated in this declaration are true and based on my own personal knowledge, except as to any matters stated on information and belief, and as to those matters, I am informed and believe them to be true. If called as witnesses in this matter, I would competently testify to the matters set forth below.
2. I am currently employed by the Siskiyou County District Attorney's Office as a District Attorney Investigator in the Bureau of Investigation and have been since August of 2016. In June of 2019, I was promoted to the rank of Supervising District Attorney Investigator.
3. I have been a Peace Officer in the State of California since August of 2004, and currently possess an Advanced P.O.S.T. Certificate issued by the California Commission of Peace Officers Standards and Training. During my employment, I have attended various P.O.S.T. training seminars, consisting of hundreds of hours of continuing education in criminal investigations.
4. Between August 2016 and June 2019, I was attached to the Siskiyou County Interagency Marijuana Investigation Team (SIMIT). During the course of my assignment with (SIMIT), I participated in no fewer than fifty investigations involving illegal marijuana cultivations. I have been actively investigating the use of water trucks during the growing cycle of marijuana cultivations during this same period.
5. Beyond my law enforcement training, I was a farmer from May 1995 through August 1999.

MOUNT SHASTA VISTA SUBDIVISION

6. Through my work with the Siskiyou County District Attorney's Office and SIMIT I am very familiar with the Mt. Shasta Vista subdivision in the Big Springs area of Siskiyou County. I am aware of the large amount of illegal marijuana cultivation sites in the subdivision, and that large amounts of water are delivered in water trucks to irrigate the marijuana. As part of my investigative work in this area, I contacted the Siskiyou County

Community Development Department, Deputy Planning Director, Kirk Skierski, to obtain a copy of the original subdivision map and related documents for the Mount Shasta Vista Subdivision. The subdivision tentative map was accepted by the Siskiyou County Board of Supervisors in April of 1965. It is located approximately 9.5 miles north east of the city of Weed in the Shasta Valley of Siskiyou County and consists of approximately five thousand (5,000) acres subdivided into two and one half (2 ½) acres lots. The subdivision is zoned as Residential.

7. There are two ways to enter the main portion of Mt. Shasta Vista subdivision on roadways: (1) Juniper Drive on the northwest side of the subdivision and (2) Shasta Vista Drive on the north side of the subdivision. Both roads are accessed from County Highway A-12. A third road, Country Road, on the eastside of Bonanza Road, is in very poor condition, and sees little, if any, traffic. See attached map.
8. There are also two other areas of the Mount Shasta Vista subdivision, which are located approximately 1.5 miles to the east down County Highway A-12 from the Shasta Vista Road entrance. The area to the north of County Highway A-12 is accessed by Perla Road, which is the only access to that area. The second area is to the south of County Highway A-12 and is accessed by Mildred Drive and Bonanza Road.
9. I am informed and believe that the Mount Shasta Vista subdivision was not an active community between the years of 1965 through 2015 due to a lack of water. From the start, property owners had to endure a large expense for drilling a well, sometimes more than three hundred feet, with no guarantee of finding a water source.
10. The roads within Mount Shasta Vista subdivision are not paved and are constructed of base rock roads, and the natural vegetation is shrub brush vegetation. There is no active farming or orchards within the subdivision, excepting the cannabis cultivation sites. The soil cover is very sandy and fast draining. It is very difficult to grow anything without bringing in materials and water.

MOUNT SHASTA VISTA CANNABIS CULTIVATIONS

11. I am informed and believe that in the spring of 2016, property sales increased within the Mount Shasta Vista Subdivision coinciding with increased illegal cannabis cultivation in Siskiyou County and California. The vast majority of the new residents, built fences, hauled in soil for planters, and started growing ninety-nine (99) cannabis plant cultivations.
12. During 2016, there was approximately 1,000 to 1,500 cannabis cultivations within the Mount Shasta Vista Subdivision. Now in the year 2020, there are approximately 2,500 to 3,000 cannabis cultivations.
13. The cannabis cultivation sites within Mount Shasta Vista are commonly in a man-made cleared area and have perimeter fencing to hide the cultivation from the road. The cannabis plants are not planted into the ground. Instead they are in raised planters or containers and typically are in systematic rows with a total of 99 plants.
14. Cannabis is a water intensive plant that needs an average of six (6) to eight (8) gallons of water per plant per day for maximum yields. Since most of the marijuana cultivation sites in the Mount Shasta Vista Subdivision tend to have ninety-nine (99) marijuana plants, this would require the grower to provide 600 to 800 gallons of water to the cultivation per day.
15. The average grow cycle of the Cannabis plant is approximately ninety days, which would require 54,000 to 72,000 gallons of water per grow cycle for each cultivation site. With 2,500 to 3,000 cannabis cultivations, this would require approximately 135,000,000 to 216,000,000 gallons of water, during each grow cycle, to be supplied to all the illegal cannabis cultivations within the Mount Shasta Vista Subdivision.

WATER TRUCKS AND WATER WELLS

16. In the fall of 2016, I began investigating the use of water trucks for the cannabis cultivation sites within the Mount Shasta Vista Subdivision. During my investigation, I identified legitimate water hauler businesses that were hauling water to the cannabis cultivations throughout the year. Once these business owners became aware of the potential criminal consequences, for the most part they stopped delivering water to the cannabis cultivations in the Mount Shasta Vista subdivision.
17. In the spring of 2017, I noticed an influx of personal 2,000 to 4,000-gallon water haulers within the Mount Shasta Vista Subdivision. These water haulers are large semi-trucks with closed tanks and the capability to move non-potable water to remote areas. I have observed these water haulers deliver water to multiple cannabis cultivations site within the Mount Shasta Vista Subdivision from April to late September which I know coincides or is the cannabis growing season.
18. These water haulers make many round trips per day. With an annual increase of cannabis growers in the Mount Shasta Vista Subdivision, the number of active water haulers has increased. In 2018, I identified eighteen water haulers which were active throughout the cultivation season. Currently (September 2020) there is at least fifty (50) water haulers in and around the Mount Shasta Vista Subdivision at any given time,
19. Since 2018, I have photographed and documented four agricultural wells which appear to be supplying the largest amounts of water for delivery by the water haulers to the illegal cannabis cultivations within the Mount Shasta Vista Subdivision. Two of these are located at the Ellison Ranch.

GRISET FARMS

20. I contacted the Siskiyou County Assessor/Recorder's Office and requested a copy of the

1 relevant deeds for Griset Farms. See attached. Based on my review I learned the
2 following information. Griset Farms Inc. is located at 12120 County Highway A12, in the
3 unincorporated area of Montague, CA. The ranch is approximately 191 acres and is
4 zoned as AG-1 agricultural farmland. Griset Farms is one of only two ranches actively
5 farming in the immediate area of the Mount Shasta Vista Subdivision. Griset Farms is
6 directly south of intersection of Juniper Drive and County Highway A-12 with one
7 visible well site on the property. The ranch property consists of several or more parcels,
8 including APN Nos. 019-021-100 and 019-021-430.

9 21. There is an Ag well on one of the Griset Farm properties, the one with APN No. 019-
10 021-430. According to my review of the deeds obtained from the Siskiyou County
11 Assessor/Recorder, this property is owned by the George S. Griset Revocable Trust (with
12 Trustee George S. Griset) and Griset Farms, Inc.. See attached.

13 22. I am aware of the location of the well as I have seen it on many occasions. I have
14 personally observed long pipes that extend from the well to a location down Juniper Rd.
15 on the same property (APN No. 019-021-430) to a "loading area". I have personally
16 observed water trucks in the loading area on numerous occasions receiving water being
17 pumped through these pipes that connect to the well. I have seen Stephen Griset at the
18 Griset Farm when this was occurring.

19 23. The loading area is next to Juniper Rd. Across this road is another Griset Farm Parcel.
20 APN No. 019-021-100. There is a pole barn on this parcel right across Juniper Rd. from
21 the loading area. When I have been at the loading area, I have seen many, many water
22 trucks waiting in line to fill up. During most of my trips I saw between 35 and 40 trucks
23 waiting. According to deeds obtained from the Assessor Recorder's office, this property
24 (APN 019-021-100) is owned by Stephen D. Griset and Griset Farms, Inc. See attached.
25 I seen Stephen D. Griset on this parcel numerous times and I am aware that he has an
26 office on this parcel.

27 24. Since 2017, I have personally seen and documented water haulers at Griset Farms loading
28

1 area filling. I have also seen and documented these same water haulers at various
2 cannabis cultivations during the growing season within the Mount Shasta Vista
3 Subdivision, between the months of April and September.

4 25. Since April 2020, I have personally seen and documented multiple water haulers
5 retrieving water from Griset Farms many, many times throughout the growing season. I
6 have spoken to Siskiyou County Code Enforcement, who have also told me they have
7 personally seen and documented multiple water haulers retrieving water from the Griset
8 Farms throughout the growing season. I have also spoken to local Big Springs residents,
9 who have also told me they have personally seen and documented multiple water haulers
10 retrieving water from the Griset Farms.

11 26. I have seen Stephen Griset on the Griset Farms while the large-scale pumping operation
12 was occurring and I have personally spoken to Stephen Griset about the ag well who told
13 me that the well is on his father George S. Griset's property, but all the wells are tied in
14 together. He has also told me that he gets paid for the water.

15 27. I drove by the Griset Ranch on Friday, September 25th at about 6:00 p.m. and observed
16 water trucks pumping at the well on the ranch, specifically on property APN No. 019-
17 021-043.

18
19 I declare under penalty of perjury under the laws of California that the foregoing is true and
20 correct.

EXHIBIT "A"

THAT CERTAIN REAL PROPERTY LOCATED IN THE UNINCORPORATED AREA OF THE COUNTY OF SISKIYOU, STATE OF CALIFORNIA, AND MORE PARTICULARLY DESCRIBED AS FOLLOWS:

PARCEL I:

The Northwest 1/4, the West 1/2 of the Northeast 1/4 and the South 1/2 of Section 4, Township 43 North, Range 4 West, M D M.

A.P. NO. 019-021-070

PARCEL II:

All that portion of the North half of the Northeast quarter of Section 9, Township 43 North, Range 4 West, M.D.M. being more particularly described as follows:

Beginning at the Northeast corner of said Section 9; thence South 00° 36' 12" West, 80.00 feet; thence North 89° 22' 07" West, 1637.27 feet; thence North 00° 24' 15" East, 50.41 feet to the North line of Section 9; thence North 89° 35' 45" East, 1637.45 feet to the point of beginning

A.P. NO. 019-021-170

PARCEL III:

A fractional portion of the Northeast quarter of Section 7, Township 43 North, Range 4 West, Mount Diablo Meridian, described as follows:

Beginning at the Northeast corner of said Section 7 as said corner is shown on the plat recorded in Town Map Book No. 3 at page 89 in the office of the Siskiyou County Recorder; thence South 1° 01' 11" West, 1375.51 feet along the East line of Section 7; thence North 88° 58' 49" West, 1320.00 feet perpendicular to said East line; thence North 1° 01' 11" East, 1271.08 feet parallel to said East line to the North line of said Section 7; thence North 86° 29' 47" East, 1324.12 feet along the North line of Section 7 to the point of beginning.

PARCEL III-a

Together with a Grant of Easement dated April 30, 1966 and recorded May 6, 1966 in Book 529 Official Records, page 408 in the Siskiyou County Recorder's Office, granting a 16 foot easement extending from the Northwest corner of Section 8, Township 43 North, Range 4 West, M.D.M., Easterly to the Northeast corner of the said Section 8, the Northerly line of the said 16 foot easement being the Northerly line of the said Section 8.

A.P. NO. 019-021-430

PARCEL IV:

A fractional portion of the North half of Section 7, Township 43 North, Range 4 West, Mount Diablo Meridian, described as follows:

Beginning at the Northeast corner of said Section 7 as said corner is shown on the plat recorded in Town Map Book 3 at page 89 in the office of the Siskiyou County Recorder; thence South 1° 01' 11" West, 1375.51 feet along the East line of Section 7 to the true point of beginning; thence North 88° 58' 49" West, 1320.00 feet perpendicular to said East line, thence North 1° 01' 11" East, 1271.08 feet to the North line of Section 7; thence South 86° 29' 47" West, 1342.15 feet along said North line to the North quarter corner of Section 7; thence South 89° 10' 06" West, 2897.25 feet to the Northwest corner of Section 7; thence South 0° 02' 03" West, 300.40 feet to the Northeast corner of Section 12, Township 43 North, Range 5 West, Mount Diablo Meridian; thence South 2° 03' 02" West, 2049.17 feet along the West line of Section 7 to the East quarter corner of Section 12; thence South 0° 22' 48" West, 324.81 feet along the West line of Section 7 to the West quarter corner of Section 7; thence North 87° 44' 15" East 4552.95 feet along the South line of the North half of Section 7 to the Southwest corner of Parcel 1 as said parcel is shown on the plat recorded in Parcel Map Book 4 at page 141 in the office of the Siskiyou County Recorder; thence North 2° 15' 45" West, 332.11 feet; thence North 35° 25' 59" East 462.40 feet to the Northwest corner of said parcel; thence South 54° 34' 01" East, 200.00 feet to the Northeast corner of said Parcel 1; thence South 35° 25' 59" West, 370.00 feet to the beginning of a curve concave to the

East and having a radius of 430.00 feet; thence Southwesterly 282.90 feet along said curve through an angle of 37° 41' 44"; thence South 2° 15' 45" East 20.00 feet to the Southeast corner of said Parcel 1 and the South line of the North half of Section 7; thence North 87° 44' 15" East, 913.00 feet to the East quarter corner of Section 7; thence North 1° 01' 11" East, 1228.25 feet to the true point of beginning

PARCEL IV-a

Together with easements for pipe lines as described in deed dated June 8, 1965, recorded June 23, 1965 in Book 517, Official Records, page 510 in the Siskiyou County Recorder's Office, as follows:

A six-foot easement commencing at the Northeast corner of that portion of Section 7 and extending Southerly along the Easterly line of Section 7 to the Northerly line of Section 18; thence Easterly along Section 17 and adjacent to the Northerly line of said Section 17, continuing Easterly across Section 16 and adjacent to the Northerly line of the said Section 16 to the Westerly boundary of Section 15, the said easement being an underground easement for the laying, maintenance, repair and use of pipe for the storage and transportation of water.

A six-foot easement commencing at the Southwest corner of Section 17 and extending Easterly along the Southerly line of Section 17 and the Southerly line of Section 16 to the Westerly boundary of Section 15, the said easement being an underground easement for the laying, maintenance, repair and use of pipe for the storage and transportation of water

PARCEL IV-b

Also a Grant of Easement dated April 30, 1966 and recorded May 6, 1966 in Book 529 Official Records, page 408 in the Siskiyou County Recorder's Office, granting a 16 foot easement extending from the Northwest corner of Section 8, Township 43 North, Range 4 West, M.D.M., Easterly to the Northwest corner of the said Section 8, the Northerly line of the said 16 foot easement being the Northerly line of the said Section 8

PARCEL IV-c

Also a 60 foot easement extending from the Northeast corner of Section 7, Township 43 North, Range 4 West and extending Southerly along the Easterly line of the said Section 7 to the Northerly boundary of Lot 1 of Mount Shasta Vista Subdivision, as granted in deed from Pacific Shores Realty to Jesse C. Martin and Anita W. Martin, his wife, recorded October 17, 1969 in Book 583 Official Records, page 543, Siskiyou County Recorder's Office.

hereby GRANTS to Stephen David Griset, an unmarried man as to an undivided 55% interest and Griset Farms, Inc., a California corporation as to an undivided 45% interest

the following described property in the unincorporated area of the County of Siskiyou, State of California:

The North half of the North East quarter of Section 8, Township 43 North of Range 4 West of the Mount Diablo Meridian, and the North half of the Northwest quarter and the Southeast quarter of the Northwest quarter of Section 8 in Township 43 North of Range 4 West of Mount Diablo Meridian, in California.

EXCEPTING THEREFROM THE FOLLOWING TWO PARCELS:

PARCEL I

Commencing at the North East corner of Section 8, Township 43 North, Range 4 West, M.D.M., thence South along the East boundary of said Section 8 a distance of Thirteen Hundred feet more or less (1300) to the South East corner of North East quarter, of the North East quarter of said Section 8; thence West along the South boundary of the North East quarter of the North East quarter of Section 8, a distance of Ten Hundred and Ten (1010) feet, to the True Point of Beginning of this parcel of land; thence North a distance of TWO HUNDRED THIRTY FIVE (235) FEET; thence West a distance of THREE HUNDRED SIXTY FIVE (365) FEET; thence South a distance of TWO HUNDRED THIRTY FIVE (235) FEET; thence East a distance of THREE HUNDRED SIXTY FIVE (365) FEET to the TRUE POINT OF BEGINNING.

PARCEL II

The Easterly 60 feet of Section 8, Township 43 North, Range 4 West, MD.M.

A notary public or other officer completing this certificate verifies only the identity of the individual who signed the document to which this certificate is attached, and not the truthfulness, accuracy, or validity of that document.

STATE OF California)SS

COUNTY OF Siskiyou)

On 1/8/16 before me, Logan D. Kohler, Notary Public, personally appeared

Kenneth K. Joling and Jennie Joling
who proved to me on the basis of satisfactory evidence to be the person(s) whose name(s) is/are subscribed to the within instrument and acknowledged to me that he/she/they executed the same in his/her/their authorized capacity(ies), and that by his/her/their signature(s) on the instrument the person(s) or the entity upon behalf of which the person(s) acted, executed the instrument.

I certify under PENALTY OF PERJURY under the laws of the State of California that the foregoing paragraph is true and correct.

WITNESS my hand and official seal.

Signature [Signature]

This area for official notarial seal.

EXHIBIT 4

Declaration of Kirk Skierski

DECLARATION OF KIRK SKIERSKI

I, Kirk Skierski, declare as follows:

1. The facts stated in this declaration are true and based on my own personal knowledge, except as to any matters stated on information and belief, and as to those matters, I am informed and believe them to be true. If called as a witness in this matter, I would competently testify to the matters set forth below.
2. I am the Deputy Director of Planning for Siskiyou County. I have been in this position for eight months.
3. Part of my duties include interpreting applicable laws, rules, codes and regulations including the County's Zoning Ordinance. Generally, the Deputy Director of Planning's role is to plan, organize, direct, and manage the functions and activities of the County's Planning Division.
4. I was asked to identify the zoning designations for two properties located in the Big Springs area of Montague, California. The properties are identified with APN Nos. 019-021-430 and 019-021-100.
5. I reviewed the County's Sectional District Maps which established zoning designations for the unincorporated areas of Siskiyou County on file at the Community Development Department. The Sectional District Maps applicable to the referenced APNs were adopted as Sectional District Map No. 10-6.205-294 of the County's Zoning Ordinance on June 22, 1990 by Ordinance 90-15. Based on the Sectional District Maps, I determined the zoning designation for these two parcels to be: AG-1 District (Prime Agricultural District) and AG-2 (Non-Prime Agricultural District). The referenced APNs are both split-zoned and include both AG-1 and AG-2 zoning designations.
6. Siskiyou County Code, Title 10, Chapter 6 (Zoning Ordinance) defines the County's Zoning Ordinance as a permissive zoning ordinance (Section 10-6.303, Zone district land use interpretation). This means that only those land uses which are described as permitted within each zoning district will be allowed within that district. Article 50 of Chapter 6 of Title 10 sets forth the permitted uses within the AG-1 District (Prime Agricultural District), and Article 49 of

Chapter 6 of Title 10 sets forth the permitted uses within the AG-2 District (Non-Prime Agricultural District). Neither Article allows for water collection and/or distribution land uses within the AG-1 or AG-2 zoning districts. Bottling facilities or any other type of extraction, collection, and distribution of water in any form are not appropriate for the AG-1 or AG-2 Districts, and thus, not allowed in those Districts. The AG-1 District classification is intended to be applied to land areas which are used or are suitable for use for intensive agricultural production and the AG-2 District is intended to provide an area where general agricultural activities and agriculturally related activities can occur.

I declare under penalty of perjury under the laws of California that the foregoing is true and correct.

Dated:

09/25/2020

EXHIBIT 5

Declarations of Members of the Big Springs Community

DECLARATION OF MICHAEL THOMPSON

I. Michael Thompson, declare as follows:

1. The facts stated in this declaration are true and based on my own personal knowledge, except as to any matters stated on information and belief, and as to those matters, I am informed and believe them to be true. If called as witnesses in this matter, I would competently testify to the matters set forth below.
2. I live at 9012 Gamma Lane, Montague, CA. I have lived at this location since 2012. Over the past three to four years a situation has developed in the Big Springs community that has raised cause for concern. The water table is lowering and wells are going dry. Within a half mile radius of my house three wells have gone dry over the summer of 2020.
3. There are three agriculture wells approximately three miles east of my well that are being used to export water to the Shasta Vista subdivision for the illegal production of Cannabis. Over the past three to four summer seasons I have become aware of a marked increase of traffic on A-12. My main concern is the volume of water truck traffic from the wells adjacent to Juniper Dr. off of A-12. These trucks are used to make water deliveries in the Shasta Vista area. The trucks in question are the large commercial trucks with a 2,000 to 4,000-gallon capacity. Two of the wells are on the north side of A-12 east of the intersection with Juniper Dr and the third is approximately 500 yards south of A-12 on Juniper Dr. There is a fourth well located approximately 300 yards north of A-12 on the west side of Big Springs Road. This particular well has been used for exporting water to Shasta Vista for the past two to three summer seasons. After mid-September 2020 I have not noticed any water truck activity at this well. Three to four

1 years ago I noticed that pickup trucks with 300-gallon pallet containers filled with water
2 were traveling to the east and empty to the west. I observed these loaded trucks turning
3 off of A-12 and entering the Shasta Vista subdivision. The pickup trucks began to be
4 replaced by the large commercial water trucks that are seen today.

- 5 4. As I have been made aware of more water truck traffic over the years it has become
6 apparent that the trucks are filled primarily at the three previously mentioned wells.
7 After being filled with water the trucks then travel east on A-12 to Shasta Vista. The
8 majority of trucks that I have followed then turn off onto either Bonanza Rd. Perla Dr or
9 Mildred Dr these are the main access points for Shasta Vista. Some of the trucks will
10 turn off onto smaller unnamed roads or drive ways in the Shasta Vista area.
- 11 5. I do not have exact dates or times of observations but I can say with certainty that at any
12 time and on any day of the week I have seen water trucks waiting in line to be filled at all
13 three of these wells. The well south of A-12 on Juniper Dr will normally have 10 to 15
14 trucks waiting in line. The other two wells on the north side of A-12 will normally have
15 approximately six trucks at the west well and one to three at the east well.
- 16 6. I have two main concerns regarding this water use. First being the depletion of our
17 aquifer. The second being the use of agricultural water for the illegal production of
18 cannabis. The Shasta Vista subdivision is well known for the lack of ground water and I
19 am informed and believe that any water that is found usually is contaminated with
20 naturally occurring arsenic. The only way that the thousands of cannabis plants survive in
21 that arid landscape is with trucked in water. I have seen the extent of the marijuana
22 cultivation with binoculars from the paraglider launch site on Miller Mountain and by
23 zeroing in on Shasta Vista using Google Earth.
24
25
26
27
28

1 7. I hope that the Franchise Tax Board and the Internal Revenue Service have been made
2 aware of the water sales and that the proceeds of the sales have been reported as income.
3

4 I declare under penalty of perjury under the laws of California that the foregoing is true and
5 correct.

DECLARATION OF GINGER SAMMITO

I, Ginger Sammito, declare as follows:

1. The facts stated in this declaration are true and based on my own personal knowledge, except as to any matters stated on information and belief, and as to those matters, I am informed and believe them to be true. If called as witnesses in this matter, I would competently testify to the matters set forth below.
2. I live in my home located at 10900 Highway A-12, Montague CA since 1980. I left Siskiyou County for work outside of California in about January 2009 until August 2013 leaving my mother-in-law to care take until my return.
3. I am aware of areas near my home where water is being pumped and dispensed in bulk quantities into water trucks. The two closest to my residence are less than one mile away and are located on properties I know of as the "Griset" property, and the "Walters" property. I have been informed that others call the Walters property the "Ellison" property. The other bulk pumping location is about four miles away just north on Big Springs Rd. from the intersection of Big Springs Rd. and Highway A-12 (Four Corners) on property owned by Darrell Sousa.
4. During the summer months of 2020 (June to present), from my property I have observed an enormous amount of water trucks going both directions on A-12. The water truck traffic is continuous, every day, 24 hours a day. One day I decided to count the number of water trucks that passed by on Highway A-12. In a five-hour period from about 6:30 a.m. to about 12:30 p.m., I counted over 100 water hauling trucks and reported the exact count observed on the 'Code Enforcement complaint' site afterwards. I quit counting

1 because it was very disheartening knowing how many neighbors were without water
2 themselves.

3 5. I have driven by the Griset and Walters/Ellison sites at least six (6) times this summer.

4 Each time I observed at least 25 or more of the what appeared to be 4500-gallon capacity
5 water hauling trucks filling up from the sites. In addition, it appeared multiple water
6 trucks were filling simultaneously at each site, but I could not get close enough to
7 observe how this was accomplished. There were only a few trucks marked as potable
8 while others were clearly marked non-potable and one marked fire water the majority
9 were unmarked so not clear what they were.
10

11 6. I have also driven by the Sousa property and seen water trucks filling up there frequently
12 usually three (3) to five (5) were present. On August 24 I was sent pictures of Sousa
13 property where multiple trucks were being filled with a new apparatus. On August 26
14 after visiting the site, I sent Code Enforcement Officer, John Ottenberg a message to
15 Sousa's ability to increase water pumping from this well. Trucks were being filled with
16 what appeared to be fire extinguisher hosing attached to a large PVC pipe. On this date I
17 could see three (3) trucks filling and one (1) backing up to a vacated location in which
18 one had pulled out. While the trucks were repositioning, I could see water flowing freely
19 on the ground with no regard to the waste.
20
21

22 7. From my mailbox directly across the street from my home I can see the general location
23 of the Juniper Dr less than a mile from my home and the only physical location to turn
24 south. I witnessed water trucks drive pass my home and enter the Juniper Dr. I knew the
25 water truck was traveling with water as the driver was having difficulty shifting gears and
26 water was spilling out the top of the truck when he finally engaged in the gear. In fact,
27 pictures were taken from this location on 08/13/2020 of those water trucks passing since I
28

1 was standing at my mailbox in conversation with my neighbor. I have on another
2 occasion been behind a water truck which turned into Shasta Vista Dr., within the Shasta
3 Vista Subdivision but not sure of the date. In addition, on 08/22/2020 there were
4 between 200-250 people located on Hwy A-12 including myself in sight of both the
5 Walters and Griset wells. During this time, I observed water trucks drive pass the group
6 of people heading east towards highway 97 as well as multiple water trucks leaving
7 Griset well after filling up and entered the Shasta Vista subdivision on Juniper Dr. In
8 fact, one truck was going to enter Hwy A-12 but turned around probably due to the
9 number of cars and people present circling back into Juniper Dr. spilling water as it did
10 so and headed back into the Shasta Vista Subdivision.
11

12 8. Over the past two (2) years I have noticed water trucks periodically traversing Hwy A-12
13 but it was about April when an exponential increase became evident of water hauling and
14 water pumping activities to the point it was almost unsafe to walk across the road for the
15 amount of water trucks and traffic which appeared to be accompanying support vehicles.
16 I know of the amount of truck traffic because I keep my window slightly open at night
17 over this time frame for air and could hear the laboring of the trucks going up Hwy A-12.
18 There are two trucks which are older which are particularly noisy, and they ran all night
19 at differing time intervals.
20

21 9. I have experienced a decrease in the volume of water output from my well recently
22 evident in my drip line flow. Now over the last few days I have noticed the presence of
23 turbidity never present in the over forty (40) years I have lived here. My well is utilized
24 for only domestic purposes I have no pasture nor animals but do have a small garden and
25 a few drips lines I run for a few hours per day which is the same as I have done since
26 residing here so the decrease is from not my overuse.
27
28

1
2 I declare under penalty of perjury under the laws of California that the foregoing is true and
3 correct.

DECLARATION OF RICHARD SOLUS

I. Richard Solus, declare as follows:

1. The facts stated in this declaration are true and based on my own personal knowledge, except as to any matters stated on information and belief, and as to those matters, I am informed and believe them to be true. If called as witnesses in this matter, I would competently testify to the matters set forth below.
2. I live at 8805 Big Springs Rd., Montague, CA, and have lived here for over 50 years. I live and ranch on this 80-acre property. I grow alfalfa/hay and I have a few beef cattle.
3. There are two wells on my property. One of them stopped working on or about August 10, 2020. I had Siskiyou Plumbing come out and they told me that it was dry and could not be lowered. This was the well that provided water to my home and my daughter's home which is on my property. Now we are relying on my irrigation well to have water in our homes. We are trying to minimize water use in fear of the irrigation well running dry. I have lost about 20 tons of hay for lack of water which is about a four-thousand-dollar (\$4,000) loss. I never had any problems with my wells prior to this year.
4. For at least several years I have seen the huge increase in water truck traffic around the area. It has especially increased during the summer of 2020. I am aware that there has been a lot of groundwater pumping activity at three different nearby locations: the Griset well, the Walters well and the Sousa well. I live less than $\frac{1}{4}$ mile from the Sousa well. The Sousa well is on Big Springs Road about $\frac{1}{4}$ mile north of Highway A-12. The Griset and Walters wells are east of me off Highway A-12, about 4 miles driving distance. Griset to the south and Walters to the north.

- 1 5. I drive by the Griset and Walters well at least several times per week, usually mid-
2 morning. Typically, I see 40-50 water trucks lined up waiting to get loaded, about four
3 thousand gallons (4,000) each. 50 trucks. four thousand gallons each, doing six trips per
4 day adds up to well over a million gallons per day. I assume that there are more trucks
5 involved than what I see at any one time, and I believe that there is probably at least two
6 million gallons of groundwater pumped out of Griset's place every day.
7
- 8 6. The Walters ranch is across Highway A-12 from the Griset ranch. I also see water trucks
9 at the Walters ranch every time I am near the Griset ranch, but not as many trucks as at
10 Griset's. I often see around ten (10) water trucks at Walters.
- 11 7. Based on my observations, all the water trucks seem to be going into the Mount Shasta
12 Vista area. I have never followed them because like other citizens in the area, I believe
13 that this would be dangerous. I am informed and believe that there is an enormous
14 amount of marijuana growing in the Mount Shasta Vista area.
15
- 16 8. I often see about 15 trucks at Sousa's well, sometimes more, sometimes less. It looks
17 like he may have stopped pumping about a week ago maybe due to his neighbors whose
18 wells have run dry talking to him. But I did see many water trucks at Sousa's throughout
19 the summer of 2020 daily.
20
- 21 9. After my well went dry I went over and spoke to Daryl Sousa and told him that my well
22 had gone dry and expressed my concerns with his pumping. Sousa told me "I'm a
23 businessman, I know how to make money, if your well goes dry, dig another one."
24
25
26
27
28

1 I declare under penalty of perjury under the laws of California that the foregoing is true and
2 correct.

DECLARATION OF CANDACE AND GLENN SMITH

We, Candace & Glenn Smith, declare as follows:

1. The facts stated in this declaration are true and based on our own personal knowledge, except as to any matters stated on information and belief, and as to those matters, we are informed and believe them to be true. If called as witnesses in this matter, we would competently testify to the matters set forth below.
2. We are husband and wife.
3. We live at 8024 Juniper Lane, Montague, CA. We have lived at this residence together since 1978.
4. A fire destroyed our residence on June 24, 2004. We rebuilt our home at this same location.
5. Our property is approximately three acres. We have a well on this property. We used the well for the approximately 42 years we have lived here and never had any problems, including during drought years, that is until July 15, 2020. On this date our well had lots of air and barely produced water. We hired a professional. The pump was pulled. Burned due to lack of water. New pump placed an inch above bottom of well. Told we had maybe days, maybe weeks of water left. Worry that new pump will burn up, too. He advised us to build a new and deeper well which we plan to do. We have applied to Siskiyou County for a permit to build the new well, with a contract to sight and drill for a well. Not given a date when that will happen.
6. At the time that our well dried up, we used our well water mostly for domestic purposes and some for gardening. We previously grew alfalfa on about 2.5 acres of our property for over 20 years and always had plenty of water, including during drought years.

- 1 7. Since July 15, 2020, we have relied on our neighbor, Mr. Solus, for water. We purchased
2 a large (over 300 gallon) tank that fits into the bed of our truck. Mr. Solus allows us to
3 fill up this tank and he connected his hose with our hose to the outside water bib. While
4 he is irrigating, we have water for house and garden. If no water from bib, we haul the
5 water in buckets by hand to the house and garden. Another friend about a mile from us
6 lets us fill the truck tank as needed. We are 76 and 72 years old.
- 8 8. Since our well became dry, we have learned that many of our neighbors' wells also ran
9 dry at about the same time. From discussions with other local citizens, we heard that
10 there are several local ranchers that have wells, and that the ranchers are selling
11 groundwater from these wells to marijuana growers in Shasta Vista. One of the sites is
12 on Big Springs Rd., just north of the intersection of A-12 (Four Corners). In our
13 discussions with other local citizens, this is known as the Sousa site. The other two
14 locations are alongside Highway A-12 nearby each other and are approximately four
15 miles east of us. We have heard that the well on the south side of A-12 is the Grissett
16 well, and the one on the north side is on the Ellison Ranch.
- 18 9. We do not know which individuals are responsible for the pumping, but we have seen
19 water trucks filling up at all these locations since July 15, 2020. We live one mile from
20 the Sousa site. One or both of us has gone by this site several times a week since July 15,
21 2020, and we usually see one to three water trucks at the site. We infrequently head east
22 on A-12 and therefore do not often pass the Grissett and Ellison wells. However, we
23 have passed by since July 15, 2020 and we have seen water trucks at both wells, and by
24 far a larger number of water trucks at the Grissett site.
- 26 10. We are aware that there are many marijuana grow sites in the Shasta Vista area. From
27 our home we have seen a large amount of water truck traffic going both directions on
28

1 Highway A-12 during the summer months. We see water trucks heading west on A-12
2 going towards the Sousa site, and going east on A-12 heading towards the Shasta Vista
3 area. We do not recall ever see them heading west towards Yreka and by all appearances
4 the water trucks are servicing the Shasta Vista area.
5

6 We declare under penalty of perjury under the laws of California that the foregoing is true and
7 correct.

Glenn Smith

DECLARATION OF JOEY BETH RUSSELL

I, Joey Beth Russell, declare as follows:

1. The facts stated in this declaration are true and based on my own personal knowledge, except as to any matters stated on information and belief, and as to those matters, I am informed and believe them to be true. If called as witnesses in this matter, I would competently testify to the matters set forth below.
2. I am married to Raymone Russell. We live at 9112 Gamma Lane, Montague, CA. We have lived at this residence since 1997 and have lived in Siskiyou County since 1978.
3. Our property is approximately 32.4 acres. We have two wells on this property. One of them, the lower well, is for agricultural use including three acres of grass hay and for my horse arena, to keep down the dust. The other, the upper well, is for domestic purposes and for irrigation of our garden. We have not had any problems with having sufficient water until mid-July 2020. On or about this date our agricultural well started spitting a lot of air along with water. Eventually over a period of about 2 weeks it stopped producing enough water to either irrigate the grass hay or water my arena. The output of this well was reduced to a garden hose with a lot of air coming out as well. We had someone from Meek and Jones pump company come and take a look at it who told us that our problem was due to decreased well productivity. We obtained a second opinion from Scott River Pump Company who confirmed that our well was essentially dry. We did not have enough water to irrigate the grass hay or water our arena.
4. At about this time I noticed our neighbors, Candace and Glenn Smith, hauling water to their home to service their garden. They told me that their well had gone dry and that they no longer had water to service their household. Their pump had burned up because

1 their well had gone completely dry, they didn't even have enough water to run a garden
2 hose! Then we learned that other neighbor's and local citizen's wells also were dry. One
3 of these persons is Dick Solus. Dick told me that he was aware that a Darrell Sousa had
4 an agricultural well nearby Highway A-12 and Big Springs Road and that the well was
5 being used to pump water into water trucks. Dick told me that he asked Darrell Sousa to
6 stop pumping water in such large quantity because he believed that it may be affecting
7 his ability to water his pastures. According to Dick, Darrell Sousa told him something to
8 the effect of that he was running a business and was going to make as much money as he
9 could regardless of whose well was affected.
10

- 11 5. After our well went dry, I became more aware of the overall problem in the area. I
12 learned that huge amounts of groundwater was and is being extracted from the Grisot
13 ranch and the Ellison/Spencer Ranch, which are across Hwy. A-12 from each another,
14 about four miles from our home.
15
16 6. We have seen water trucks filling up at all of these three locations, the Sousa well, the
17 Grisot well, and the Ellison/Spencer well. We have had the best opportunity to observe
18 the groundwater pumping from the Sousa well because we drive west on A-12 frequently
19 going to work and other places.
20
21 7. We have observed water trucks being filled at the Sousa Ranch on our way to work for
22 example. We would notice as many as 5 trucks parked at the ranch either being filled or
23 waiting to be filled. Upon further inspection we noticed that a huge 6 or 8 inch pipe was
24 running under Big Springs Road being attached to a water valve on the property across
25 from the Sousa Ranch. The pipe then ran in an east west direction and had at least 4
26 valves with hoses laying on the ground. These hoses would be hooked to the trucks and
27 water would be filled into those trucks. The excess water that came from the pumping
28

1 was then allowed to run all over the ground. wasted, if there was no truck available to put
2 the water in. It is my understanding that the pump was very big and had to be run all the
3 time either filling up the trucks or wasting it on the ground. It wasn't like they could shut
4 the pump down after each fill up. Raymone and I noticed this pumping going on 3 days a
5 week (Sundays, Tuesdays and Thursdays) on our way into town to go to work. We would
6 notice it on our way to work at about 7:30 p.m. and on our way home from work at
7 about 12:00 a.m. There were never as many trucks there at night but always at least 1 or 2

8
9 8. For the Ellison Ranch and Grisette Ranch we would have to go out of our way to see the
10 spectacle. Every single time I drove out there, (not every day of course) but at least 10
11 times in a month. Let say from mid July to mid August. I observed as many as 30 water
12 trucks at the Grisette Ranch and as many as 6 trucks at the Ellison Ranch. I took pictures
13 that are date stamped on some of the dates I drove out there. I did drive out there many
14 times without taking pictures as well. Again all this happened when I discovered that my
15 well was going dry and learning about the plight of my neighbor's. from mid July until
16 the beginning of September. The trucks were always heading east on A-12 to the Shasta
17 Vista Subdivision. On one occasion we even followed some trucks (Labor Day, Monday
18 to be exact) and took pictures of several people even transferring water from the trucks to
19 open swimming pools and watertanks. One of these individuals was Darin Joling. We
20 knew him because he and my husband worked together for many years. We had been
21 following a water truck up A-12 and saw it turn left onto Perla. As we followed it we
22 observed another truck backed into driveway with a person standing by emptying the
23 truck of water. When the truck we had initially been following merged to the left we
24 decided to head right out toward A-12. That's when we ran into Darin dragging a hose to
25 fill up a swimming pool. I was able to take a photo of the incident; however, it was not
26
27
28

1 until I was driving away that I saw the cannabis grow attached to the property. These
2 water deliveries were always in proximity to cannabis grows, either greenhouses or
3 outdoor plantations surrounded by high fences so that you couldn't see the cannabis, but
4 you could because it was peeking out over the top of the fencing! We had on several
5 occasions been warned not to drive up into the Shasta Vista Subdivision, but we felt that
6 this had to be documented.

7
8 9. I call this a spectacle because in my entire live of living in this community I have never
9 witnessed this much water truck activity.

10 I declare under penalty of perjury under the laws of California that the foregoing is true and
11 correct.

12

DECLARATION OF PATRICK GRIFFIN

I, Patrick Griffin, declare as follows:

1. The facts stated in this declaration are true and based on my own personal knowledge, except as to any matters stated on information and belief, and as to those matters, I am informed and believe them to be true. If called as a witness in this matter, I would competently testify to the matters set forth below.
2. I live at 7016 Highway A-12, Montague, CA. I have lived at this location since July 1976 and have lived in Siskiyou County since 1966. My property is 155 acres in size where we raise braunvieh cattle and grow hay and pasture. I was the former Siskiyou County Agricultural Commissioner, retiring in December of 2015.
3. I have observed groundwater being transferred from irrigation mainlines supplied by wells to water trucks at three different farms/ranches in the Big Springs area along Hwy A12.
4. The Sousa Farm is located at the intersection of Big Springs road and Hwy A12, that intersection is known as four corners. The Sousa property (formerly owned by Jeff Hall) is on the northwest corner of that intersection. Trucks were initially loaded at this location just north of the dwelling on the property. The truck loading area was later moved a little further north on the Sousa property to an area on a small hill that is not normally irrigated. I have seen up to six trucks there waiting to be loaded. Trucks have been loaded at different times of the day from early morning to late in the evening. Mr Sousa is often present when trucks are loading. This summer, pumping at the Sousa property has been very inconsistent. Very busy at times then nothing for a long period of time.

5. The Grisette property is approximately three miles east of four corners on Hwy A12 and consists of two or three parcels of land most of which is used for hay production.

Loading of water trucks has been obvious and consistent at this site. Sometimes 10 or more trucks have been seen in line waiting to fill with water. Trucks are sometimes also parked near the hay barn at this site, so it can be difficult to determine how many are actually waiting to get filled with water, however; it appears that the trucks not being used are parked in a different area near the barn. Trucks that are being filled are usually in line and in the early morning or at night have their lights on. Most of the time when I go by I see trucks getting loaded and more trucks waiting. I also frequently see the trucks entering and leaving the property. I have seen trucks entering and leaving the loading area throughout the day and late at night. The Grisette loading site is by far the most active site in the area. Truck loading at the Grisette farm seemed to start early in the spring this year and has been very active all summer long.

6. The Ellison/Walters property is located approximately three miles east of four corners on A12 and is surrounded on three sides by the Grisette farm. Trucks are loaded from irrigation mainlines at two different sites on this property. Truck loading appeared to have stopped for a period of time in August but has recently resumed. Trucks also appear to be parked at this site when not in use.

7. I go by the water loading areas at the Grisette farm and Ellison/Walters farm one or two times a week, sometimes more. I have trail cameras deployed in eastern Siskiyou County where I monitor for wolf activity. I also go out occasionally just because I am concerned about this activity and what is happening to our environment and community. I have seen water trucks in the Shasta Vista area all hours of the day. I have also observed the

trucks in the Shasta Vista area from a distant vantage point. I have not followed trucks into the subdivision because I feel my safety would be in jeopardy.

8. It is devastating to our community and environment to allow the illegal cannabis production to continue. The huge influx of people into this area without adequate utility development including septic systems and wells is of great concern. How is the waste being treated and where is it going? This disregard for our environment is a travesty. The acceptance or tolerance of this activity within our community is an indicator of the degradation of our society. While I believe it is unethical and immoral to sell water for illegal cannabis production, it seems sad that we are targeting the opportunistic farmers who decide to sell water and not the actual cannabis growers. That seems like starving a cancer patient to death instead of treating the cancer.

I declare under penalty of perjury under the laws of California that the foregoing is true and correct.

Dated: 9/21/20

PATRICK GRIFFIN

DECLARATION OF MARY CAMERON

I, Mary Cameron, declare as follows:

1. The facts stated in this declaration are true and based on my own personal knowledge, except as to any matters stated on information and belief, and as to those matters, I am informed and believe them to be true. If called as witnesses in this matter, I would competently testify to the matters set forth below.
2. I live at 10908 Apache Rd., Montague, CA. I have lived at this location for about 22 years.
3. There is a well on the property that is used for domestic purposes. We did not have any problems with the well until this year. It went dry in about July 2020. Siskiyou Plumbing came out and looked out it and told us that the pump burned out. We had to get a new pump and pay the plumber to drop the well 10 feet and were without water for about two weeks.
4. I have been a volunteer with the Mount Shasta Vista Fire Company since 1998, and I drive there about three times a week. When I do, I drive east on Highway A-12, turn south on Juniper Drive, and soon after is the Grisette property. When I pass by the Grisette property, I notice the area where the water trucks fill up. This Summer I have typically seen about 15-20 water trucks lined up. I also have noticed many water trucks that appear to be filling up at the Walters Ranch which is on the north side of A-12 nearby the Grisette property.
5. The water truck drivers are often rude. They have pulled out in front of me after filling up and often drive very slow (about 5 mph). There are many of them and they have significantly delayed our responses to 911 calls. One time recently someone followed me

1 from the Mount Shasta Vista area in a white pickup truck when I was coming home from
2 the Fire Station. I did not want them to know where I live so I took evasive action in my
3 neighborhood and turned back on Highway A-12. headed to Highway-97 and then
4 towards Dorris. Eventually the pickup quit following me.

- 5
6 6. Our well at the Fire Station ran out of water a few weeks ago which is obviously a
7 problem.

8
9 I declare under penalty of perjury under the laws of California that the foregoing is true and
10 correct.

DECLARATION OF DONNA WHEAT

I, Donna Wheat, declare as follows:

1. The facts stated in this declaration are true and based on my own personal knowledge, except as to any matters stated on information and belief, and as to those matters, I am informed and believe them to be true. If called as witnesses in this matter, I would competently testify to the matters set forth below.
2. I live at 10943 Apache Rd., Montague, CA. I have lived at this location for 18 years. My property is one acre in size.
3. There is one well on my property and it is used for domestic purposes. I did not have any problems with the well until this year. On July 31, 2020, I was having difficulty getting water. I contacted Siskiyou Plumbing who sent someone out to look at my well. After a short period of observation, they confirmed that the well was dry. I paid them to lower the well pump 13 feet, which is as low as it will go. I currently have water but am very concerned that the well may run dry again.
4. I have noticed the large increase of water trucks in the area, driving both directions on Highway A-12, that appear to be going into the Shasta Vista area after filling up. About two miles east of my home on Highway A-12, a short distance past Juniper Drive, there is an area just north of the highway where water trucks appear to be filling up. I have been trapping ground squirrels that are taking over my yard. I did not have the heart to kill them, so I did live trapping, and then took them up on A-12 to the four-wheel park close to Highway 97 and turned them loose. Driving up and back A-12 there were a lot of water trucks lined up to get water from a well on the property on my left going up. I do not know the property owners but there was a man sitting in a lawn chair under a tree

1 watching the trucks. There were anywhere from three to seven trucks at any given time.
2 I made the trip up A-12 at least once a day and one time twice to deposit my catch for a
3 little over three weeks (yes that many squirrels), as early as 7 a.m. and as late as 1 p.m. I
4 also saw a lot of trucks lined up on Juniper Road off of A-12 waiting to fill up at another
5 well. There was more than I could count while driving by. My neighbor counted 16
6 water trucks at one time on Juniper.
7

8
9 I declare under penalty of perjury under the laws of California that the foregoing is true and
10 correct.
11

DONNA WHEAT

DECLARATION OF AMBER SILBERBERGER

I, Amber Silberberger, declare as follows:

1. The facts stated in this declaration are true and based on my own personal knowledge, except as to any matters stated on information and belief, and as to those matters, I am informed and believe them to be true. If called as a witness in this matter, I would competently testify to the matters set forth below.
2. I live at 9235 Gamma Lane, Montague, CA with my husband William Silberberger. We have lived at this location for 18 years.
3. I am aware of 3 locations near my home where large amounts of groundwater is being pumped into trucks routinely. One of them is about ½ mile north of me near 4 Corners at A12 and Big Springs Rd. on property belonging to Darrell Sousa. The other two are about 3-4 miles east of my home on A12 and am informed and believe that they are on the Walters and Grisette ranches. Walters is on the north side of A12, Grisette on the south side.
4. I see the water truck activity at Sousa's place the most because I live so close. This summer, I drove by Sousa's place most every day at varying times of the day, all hours. I usually saw at least one water truck filling up or driving in and out of his place. I believe that they are filled up by a big hose.
5. I do not have occasion to go east on A12 very often; however, when I have gone by Grisette and Walters this summer I have seen the water trucks filling up. On August 22nd this year, the Big Springs Community held a protest against the pumping activity, and we protested on A12 right by Grisette and Walters. While I was there, I saw dozens of water trucks coming in and out of the Grisette's and being filled with water on that same day.

- 1 6. I have seen the water trucks go in and out of the Mount Shasta Vista subdivision area (the
2 Vistas). Before the marijuana grows were here, we never saw water truck activity like
3 this. Based on what I have read and heard about the Sheriff's raids, I know all of this
4 water is being used for these massive grow sites. I have looked at Google Earth and have
5 seen the photos. We all know there is no water in the Vistas where they are going, so
6 they are getting it from ranches close by the Vistas.
- 7
8 7. This year, the water truck traffic has been the worst that it ever has by far. I see water
9 trucks on the roadway more often than previous years. I see many filling up with gas at
10 the Mayten store. There are quite a few that do not have a legal DOT number on them as
11 well. Some look extremely old and dangerous, they do not even look like they are safe to
12 be on the roads. Water often pours out of them as they go down the road. My husband
13 drove water trucks for Mayten Fire and has told me how difficult it is to control and drive
14 a water truck of the sizes we are seeing. They are very difficult to maneuver and stop and
15 are very big and heavy. I am concerned that the drivers have not received adequate
16 training and may not be properly licensed.
- 17
18 8. I am very concerned about the massive amount of water being extracted and pumped into
19 all of these trucks. We have been through many droughts and I have never seen so many
20 wells go dry here in our area. The Big Springs pond is the lowest that I have ever seen,
21 Lava Lakes has dried up for the first time since I have been here, and it is a Nature
22 Conserve. Not only are our wells being affected, but the wildlife is being affected as
23 well. Not one of these problems have happened here in the past and I am convinced the
24 cause is the massive amount of water extraction from these well on these ranches. We
25 cannot sustain this amount of water being pumped out and moved to a different location
26 and it is showing. My neighbors are having to spend thousands of dollars replacing
27
28

1 pumps, drilling deeper, or drilling and entire new well altogether. Some do not have the
2 money to do so and are using everything they have to access water. It seems to be an
3 average of 10 to 15 feet deeper they are having to go find water. Our water table has
4 dropped significantly this year and if we do not get a handle on it, we will have to keep
5 going deeper or people will have to start moving.
6

7 9. Regarding safety, I am terrified of the people that the water is being supplied to. At the
8 protest, both my husband and I have had our photo taken, and they took a photo of our
9 vehicle as well. My neighbors have told me that they have been followed, some have
10 been photographed as well, and some have even told me they have seen people watching
11 and taking photos of their houses! There have been murders here recently, high speed
12 chases, car accidents way more often, and more fires.
13

14 10. My husband and I moved here 18 years ago to raise our kids in a safe, secluded
15 neighborhood. Here we are, now fighting for our very survival of our safety, our land,
16 our home, our property values, our water, and our future. I love it here, we have gotten
17 married, took our kids to school here, raised our kids. My husband was a Mayten Fire
18 Volunteer firefighter for 9 years, he even made the Mayten Fire sign. We have been very
19 active members in our wonderful community. We love our neighbors and everything Big
20 Springs is. We have watched our community change drastically over the past few years
21 after the growers started coming in. This is not the community I know and love anymore.
22 I am afraid that everything I know, love and have worked so hard for is going to be lost.
23 I want to retire here, have my grandkids pick the blackberries as my children did. I want
24 to pass this land down to my kids, so this home is home for generations to come. I never
25 thought that I would be dealing with someone like this here. I am sad, terrified, and
26 angry. I do not know how this has happened and why it has not been stopped. An entire
27
28

1 community is under threat of being run out by a massive drug cartel that does not care
2 about this land. They are destroying it and all of its resources. Our property values are
3 going to plummet, some already have, and many people are moving while they can and
4 selling to these growers, making matters worse. Our entire community is at stake of
5 being lost.
6

7
8 I declare under penalty of perjury under the laws of California that the foregoing is true and
9 correct.

DECLARATION OF JENNIFER KRIER

I, Jennifer Krier, declare as follows:

1. The facts stated in this declaration are true and based on my own personal knowledge, except as to any matters stated on information and belief, and as to those matters, we are informed and believe them to be true. If called as witnesses in this matter, we would competently testify to the matters set forth below.
2. I live at 8733 Bunny Lane, Montague, CA with my husband Sean Krier. We have lived here for 20 years.
3. Around five years ago, some Hmong people began their pilgrimage to Siskiyou county from Fresno, Minnesota, or Wisconsin to grow marijuana. Some of these people grew Marijuana on other people's property. I guess you could call it squatting. They would begin their garden in spring, harvest in fall and drive their processed product wherever they could sell it. I was never really bothered by the Hmong people and really thought nothing of their livelihood. I would read about the giant waste and trash mess they would leave behind on social media and thought nothing of that either because it was not where I could see it. The next year, they began purchasing property primarily in the Shasta Vistas which for many years has been a subdivision with little to no water or water with high traces of arsenic. Again, I thought nothing of this but that at least now they are not squatting. The next year, I noticed a massive influx of Hmong people and they did not leave in the fall but stayed through the winter.
4. The local Mayten market was beginning to order Asian foods, install more propane tanks and soon added on a hardware store. I live in a subdivision west of the Shasta Vistas and a few years ago the two vacant parcels across my driveway were purchased by Hmong.

1 Summer before last, one of them started a fire and burned half of the trees on a
2 neighbor's property and the corner of our property. This was a terrifying event. One of
3 the purchased parcels did not have water but in time a well was dug. Water trucks began
4 driving into our subdivision to fill up and take water to where I believe was the Shasta
5 Vistas. I say Shasta Vistas because I know my neighbor has "property" there as he had
6 told me. This became very concerning to me and I spoke with my neighbor telling him I
7 did not want water trucks syphoning water out of the ground here. He began allowing
8 water trucks to drive in and syphon in the early morning hours while we were sleeping
9 but we could hear the activity. This year another Hmong purchased property on the South
10 end of our property and was busted by Sheriff Lopey on June 16th. This year another
11 Hmong purchased property on the South end of our property and was busted by Sheriff
12 Lopey on June 16th. I read in the Siskiyou Daily News that this was a large weed bust
13 and Lopey also raided his connected Shasta Vista property totaling over 3,000 plants!

- 14
15
16 5. This summer, my husband's truck broke down and I had to pick him up from work
17 several times on the corner of Harry Cash and Hwy A12 which is around 4 miles away. I
18 would sit and wait for him and would have a very clear visual shot of the water trucks at
19 Sherri Walters ranch and across the Hwy A12 at the Griset ranch. I began counting the
20 trucks and counted as many as 12 at the Walters and 40 at Griset. This was the moment I
21 began to realize the gravity of what was going on. We all know what these water trucks
22 are doing and where they are going but what I was seeing was unbelievable. I do believe
23 all of this water is being used for illegal marijuana cultivation and complete greed on
24 both the water sellers and growers. I take my mail to the mailbox every day and in 5
25 minutes of standing there I would see 5 water trucks drive by equaling 1 every minute.
26
27 All three of my mail carriers would complain about how fast the water trucks drive and
28

1 how they would get close to running them off the road. They would also complain about
2 how unsafe they would feel delivering mail to the Shasta Vistas. This summer, I have
3 witnessed a constant flow of water trucks driving to Darrell Sousa's pump at the
4 intersection of A12 and Big Springs road only 1.5 miles away from me and driving East
5 into the Shasta Vistas. I have followed these trucks and they have followed me driving
6 down Hwy A12. There seem to be about 50 of these trucks and rarely a license plate
7 seen. Most of the trucks are covered with the distinctive red dirt that covers the road in
8 the Shasta Vistas. I have photographed the trucks filling up with water. I have noticed
9 water overflowing out of the tops of the trucks at the pumps and splashing out of the top
10 while driving down the road. I have noticed the trucks exceeding the speed limit. I have
11 heard them driving Hwy A12 in the early hours of the morning and have seen them
12 fueling at the Mayten market. I have seen Hmong drivers and Caucasian drivers. I have
13 seen the trail of water running the center of the pavement on Hwy A12 and into the
14 Shasta Vista Subdivision onto that distinctive red dirt road. I have also seen the trail of
15 water coming out of the Walters and Sousa water pumping area onto Hwy A12.

- 18 6. Looking at my property and surrounding area from Google Earth is shocking. The
19 amount of large illegal Marijuana grows is growing and getting bigger and creeping in on
20 my 40 acres like a virus. I am aware how difficult ridding the county of illegal Marijuana
21 grows this has become for our local law enforcement but I am confident shutting the
22 wells down that are extracting and illegally selling water will make it very difficult to
23 grow. The main issue is that other people's wells are drying up and have been all
24 summer. I wholeheartedly believe the wells that are pumping millions of gallons of water
25 are syphoning out of the main aquifer underground and more people's wells will continue
26 to dry. I urge you to put a stop to the egregious water extraction and lock those wells.

1
2 I declare under penalty of perjury under the laws of California that the foregoing is true and
3 correct.

Subject: Re: Fire Danger/Concerns/New water ordinances

Dear all,

I was just going to send this email to CAO Davis, but think it best to loop us all in on the conversation. I don't mean to overstep my bounds by stepping into the Fire Management of the county, but I think it's a genuine concern that might take a team answer. I hope nothing bad does happen, but have learned that I shouldn't plan for the future on that basis.

Davis,

The section below in Chief Anzo's email was highlighted by me.

I agree and will support the ban on water tenders, so don't think I'll be voting NO on the new ordinances tomorrow.

I notified Chief Anzo of the ban on these water tenders as sometimes these water tenders respond to and extinguish fires (let it be noted the fires are started by that same group).

We will at minimum go through a transition period when water is being shut off and that these illegal grows will still be in operation. There is a definite risk of fire at the same time the county will ban private water tenders.

Of course Fire Dept. Tenders are not banned, but these private tenders at times get there faster and put the fires out before 911.

I wanted to loop you in on this conversation and bring you into it.

I'll continue my dialogue with Cal-Fire. However, I welcome your input, advice and leadership. Also who else we should bring into the conversation such as OES, etc.

There is a genuine fire risk and I'd like to get to a "yes" on how to protect the constituents of these areas. I know nothing will be perfect or absolute, but some plan and teamwork is better than not discussing it.

These areas also depend on volunteer fire departments, and volunteers are low or not always around. I think through Cal-Fire or OES a communication with the Fire Departments as well.

All the best,

Brandon A. Criss MPA

Subject: Re: Fire Danger/Concerns/New water ordinances

Supervisor Criss,

We do have areas of concern with the Pleasant Valley and Mt Shasta Vista especially with the current activity occurring in these locations.

CAL FIRE can focus efforts on fire safety information and education to the public through defensible space inspections. Our increased presence should help raise fire awareness for those that live there.

Access is currently difficult to areas and that will be an early consideration if evacuations need to occur. Because the roads are private, it will be a challenge to make the improvements that are desperately needed.

The County's ban on non-fire water tenders may have impact on fires in the area. They have been known to extinguish fires prior to them being reported to 911.

We will be staffing Macdoel Station on the 24th or sooner if conditions and funding change.

I'm out of the office this week teaching in Sacramento but have CC'ed Darryl Laws, Operations Chief, to inform him of your concerns as well. Feel free to contact him at 530-598-2601 in my absence.

We can plan on a meeting after I return.

Thank you,

Phillip Anzo
Unit Chief
CAL FIRE Siskiyou

From: Brandon Criss <bcriss@co.siskiyou.ca.us>
Sent: Saturday, May 1, 2021, 5:08 PM
To: Anzo, Phillip@CALFIRE
Subject: Fire Danger/Concerns/New water ordinances

Warning: this message is from an external user and should be treated with caution.

Chief Anzo,

There have been more than a few fires started in Pleasant Valley already this year, and other areas of Butte Valley. We have unusually dry conditions, and we unfortunately have the "human factor" that is wildly unpredictable.

For Pleasant Valley there have been fires started that are associated with illegal marijuana grows. Also, the vast increase in residents to the area that are at risk of fire.

There was a fire last night, started from a vehicle fire hauling fuel in Pleasant Valley. The fire was stopped by "locals" and a private water tender.

The county will be voting on two new ordinances on Tuesday that will ban the use of these water tenders. These bans as proposed are for water hauling in areas of Butte Valley, areas of (I think) KRCE and also Shasta Vista. Fire Department tenders are exempted.

This ban must be done or private wells will be ran dry and the long-term impact terrible to domestic water supplies.

For areas like Pleasant Valley the roads are private roads, not well maintained, which hinders emergency responses and escape routes.

As you know for such fires, in dry conditions, in areas with poor entrance and escape routes, with a lot of elderly, time is of the essence in fighting these fires.

I wouldn't make this ask, or ask your guidance on how to approach, if I didn't think we face a potential disaster. We've dodged the bullet these last few weeks/months and "Russian Roulette" scares me.

Shasta Vista is another concern. And I support whatever you think must be done to protect that area as well. However, there are multiple volunteer fire departments to respond and a staffed Weed and Yreka Cal-Fire Stations. The Weed Station covers Butte Valley at this time, and while well trained, it takes a lot of time to get to Butte Valley.

There was a fire in 2017 in Pleasant Valley that if it hadn't been for Cal-Fire being in Macdoel and the capability of your excellent professionals, that we would have lost Pleasant Valley. Local volunteers are good, but none of us have that level as Cal-Fire. Also in responding, Cal-Fire will be responding to the incident while volunteers will be responding to the station.

When will the Macdoel Station be staffed this year?

Due to these "other" conditions, and the recent history of fire activity ("Russian Roulette"), is there a way to or justification to staff the Macdoel Station earlier? Or a hybrid staff plan? Or for Cal-Fire to have a staffed engine, or for a hybrid staff to be able to quickly access and operate the Butte Valley Fire Engine, or a staff that can be there full time, etc. I think full time is necessary.

I'm sure Butte Valley Fire and Dorris Fire will not in anyway hinder or seek profit from a partnership, they all live in the community.

I'm not a fire manager so don't know the best approach, and don't mean to limit you to those options, all I can say is that the need is genuine, and the danger is real.

Also, with input from your Battalion Chief, Dorris Chief, and BV Chief, we might want to do a "table top exercise" or actual training plan for Pleasant Valley due to the high risk for the area.

I welcome your guidance, will follow your leadership and will help in anyway I can.

All the best,

Subject: no water truck signs

hi Melissa,

do these locations look good to start with the one in butte valley tie into each other so I just did one at the main entrance. Big springs road goes from Hwy 97 to lower little Shasta how many do they want on that road? And where?

Google Earth streams the world over wired and wireless networks enabling users to virtually go anywhere on the planet and see places in photographic detail. This is not like any map you have ever seen. This is a 3D model of the real world, based on real satellite images combined with maps, guides to restaurants, hotels, entertainment, businesses and more. You can zoom from space to street level instantly and then pan or jump from place to place, city to city, even country to country.

Get Google Earth. Put the world in perspective.
